1. Purpose

The purpose of this Policy is to provide all employees, volunteers, partners, and other stakeholders (incl. contractors) with a clear understanding of the issues around child protection and safeguarding vulnerable adults and to explain the Trafford College Group's (TCG or the Group) processes and procedures if an allegation is made.

The Group is committed to creating a culture of vigilance where students' welfare is promoted and where timely and appropriate safeguarding action is taken for students who need extra help or who may be suffering or likely to suffer harm.

Staff are reminded that children are not always ready or able to talk about their experiences of abuse and/or may not always recognise that they are being abused.

2. Scope

This Policy deals with the protection of children and vulnerable adults and is supported by the Staff Behaviour Code of Conduct, which sets out required standards and expectations. **Children are young people (up to the age of 18) including customers, contractors, employees, students, and visitors** and will include those on school links courses although for these students the relevant school policy will take precedence.

'College' means further education colleges and sixth-form colleges as established under the Further and Higher Education Act 1992 and institutions designated as being within the further education sector. College also means providers of post 16 Education as set out in the Apprenticeships, Skills, Children and Learning Act 2009 (as amended), 16-19 Academies, Special Post-16 institutions and Independent Training Providers. For colleges, the guidance relates to their responsibilities towards children who are receiving education or training at these institutions.

In respect of children, the policy is informed by the statutory guidance outlined in the Department for Education publication, 'Keeping Children Safe in Education' (September 2022) the statutory guidance 'Working Together to Safeguard Children'. The departmental advice What to do if you are worried a child is being abused – Advice for practitioners and the departmental advice Sexual Violence and Sexual Harassment Between Children in Schools and Colleges.

Safeguarding and promoting children and young people's welfare is defined as:

- Protecting children from maltreatment
- Preventing the impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to have the best outcomes.

Note: Children includes everyone under the age of 18.

For adults, the key reference points are the **2015 document 'No Secrets' (Adult Protection)** which provides a definition of abuse of adults, the Equality Act 2010, and Protection of Freedoms Act 2012. Vulnerable adults are defined as students on progression curriculum learning programmes and any other adult learners identified as being vulnerable through social, medical, or mental health conditions impacting on their learning. A more detailed definition of vulnerable adults is available at Appendix C of this Policy.

The policy is also informed by the following legal/statutory regulations:

- Revised Prevent duty guidance: for England and Wales: on the duty of schools and other providers in the Counter-Terrorism and Security Act 2015
- Children and Social Work Act 2017
- GDPR 2018
- Data Protection Act 2018
- Modern Slavery Act 2015

- Safeguarding Children and Young People from Knife Crime (Ofsted) 2019
- Education and Training (Welfare of Children) Act 2021
- Equality Act 2010
- Public Sector Equality Duty
- Human Rights Act 1998 (HRA)
- Working Together to Safeguard Children July 2018
- Children's Act 2002

The Trafford College Group has a separate Fitness to Study Procedure that is designed to support students whose medical condition means that they may have difficulty completing their programme of study but contains within the guidelines of the procedure, the option to terminate a student's learning contract.

3. Legislative Requirements

The Group has a statutory and moral duty to ensure that the Group functions with a view to protecting, safeguarding, and promoting the welfare of students receiving education and training at the Group. The Group's statutory responsibilities include the requirement to have due regard to the need to prevent people from being drawn into terrorism (Prevent Duty).

The Group recognises that for students, high self-esteem, confidence, supportive friends, and clear lines of communication with a trusted adult helps prevention.

The Group will therefore:

- Establish and maintain an ethos where students feel secure, are encouraged to talk, and are listened to.
- Ensure the students know that there are adults in the Group who they can approach if they are worried or are in difficulty. Curriculum and pastoral staff will ensure that students are aware of their role in this area.
- Include within the curriculum discussions which will help students develop realistic attitudes to the responsibilities of adult life.
- Ensure that wherever possible every effort will be made to establish effective working relationships both with parents/carers and with colleagues from other relevant agencies.

Channel is a multi-agency that provides support at an early stage to people who are identified as being vulnerable to being drawn into terrorism.

6. Safe Recruitment and Selection

The Group is committed to safer practice in recruitment this means thinking about and including issues to do with safeguarding at every stage of the process and ensuring that people who work with students whether they are paid employees or volunteers, are safe to do so. Safe recruitment practices will be in accordance with the requirements detailed in "Keeping Children Safe in Education (September 2022), Part Three: Safer Recruitment".

During the recruitment and selection process the Group will consider the latest¹ changes to the National Vetting and Barring Scheme as per the Protection of Freedoms Act 2012. To support safe recruitment and selection the following are in place:

- Advertisements refer to the need for the successful applicant to undertake an Enhanced Disclosure Check including a check of the DBS Barred Lists via the Disclosure and Barring Service where the post holder undertakes regulated activity.
- Job descriptions refer to the responsibility for safeguarding.
- Person specifications include specific reference to working with children or adults at risk.
- Comprehensive information from applicants is obtained and scrutinised.
- Independent professional and character references are used to assess an applicant's suitability to work with children and/or adults at risk.

References will not be accepted from friends. References will cover the candidates last 5 years of employment.
- Proof of identity is requested such as a birth certificate, driving licence or passport combined with evidence of address. Some form of photographic identity will be seen except where for exceptional reasons none is available.
- All volunteers, governors and staff who work at the Group will undergo an Enhanced Disclosure check through the Disclosure and Barring Service.
- All posts which undertake regulated activity within the Group have been identified by the Human Resources Department in liaison with the director/manager of each department and are required to undergo an Enhanced Check through the Disclosure and Barring Service plus a check of the DBS Barred Lists for Children or/and Adults as required. (For further information on regulated activity refer to the Disclosure and Barring Service website).
- Where the DBS check identifies an issue or it is necessary for the person to commence without a DBS check, a risk assessment must be completed by the relevant department and HR. This will be signed off by the Vice Principal Curriculum or Vice Principal Corporate Services.
- The Disclosure and Barring Service identify several acceptable documents which are required to undergo the Disclosure check. The Group can process the check where the documents are from the Primary Trusted ID Credentials list. Where the documents are from the government state issued or financial social history, an external ID validation service will be used to check the applicant against records to establish their name and living history footprint.
- Where a volunteer is cleared to work within the Group but does not work for up to a 3-month period, the Volunteer is required to undergo a further check.

- provision of the relevant documentation for example: passport, birth certificate, work permit.
- Online searches ie. Social media will take place for potential new staff by Human Resources. HR.

7. Online Safety

7.1 Filters and Monitoring

The Group has in place appropriate filters and monitoring systems to protect students from harmful online materials. It is essential that children are safeguarded from potentially harmful and inappropriate online material.

The breadth of issues classified within online safety is considerable, but can be categorised into **four areas** of risk:

- **Content:** being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.
- **Contact:** being subjected to harmful online interaction with other users; for example: child on child pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
- **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending, and receiving explicit images (e.g., consensual, and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying; and
- **Commerce** - risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupils, students or staff are at risk, please
- **Report** it to the Anti-Phishing Working Group (<https://apwg.org/>).

The arrangements for online safety are in accordance with “Keeping Children Safe in Education (September 2022), Annex B Online Safety”.

In addition, the Student Code of Conduct highlights detail in respect of acceptable use of computers and access to on-line materials.

7.2 Remote Education

The college maintains regular contact with parents and careers to reinforce the importance of children being safe online. Parents and carers are made aware of what their children are being asked to do online, including sites they will be asked to access and be clear who from the college (if anyone) their child is going to be interacting with online and over which platform/s.

8. Dealing with a Disclosure of Abuse and Procedure for Reporting Concerns

8.1 The Governing Body recognises the following as definitions of abuse:

Domestic Abuse

The Government defines domestic abuse as any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence, or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass but is not limited to the following types of abuse:

- Psychological
- Physical
- Sexual
- Financial
- Emotional

Controlling behaviour is a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of their means needed for independence, resistance and escape and regulating their

everyday behaviour.

The Trafford College Group is part of Trafford's Operation Encompass and when police attend a student's home to deal with an incident of domestic violence, the Group will be informed for them to be able to provide support to the student on their return to college.

Coercive behaviour is an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim.

*This definition includes so called 'honour' based violence, female genital mutilation and forced marriage, and is clear that victims are not confined to one gender or ethnic group."

Staff should be aware of the potential short- and long-term detrimental impact/s on children's health, wellbeing, and ability to learn of experiencing domestic abuse at home or within their own intimate relationships.

Physical Abuse

Physical abuse causes harm to a C/YP and Adults at Risk. It may involve hitting, shaking, throwing, poisoning, burning, scalding, drowning, or suffocating or otherwise causing physical harm to a C/VA. It may be done deliberately or recklessly or be the result of a deliberate failure to prevent injury occurring. It can also occur when a parent or carer feigns the symptoms of or deliberately causes ill health to a child or vulnerable adult whom they are looking after.

Neglect

Neglect is the persistent or severe failure to meet basic physical and/or psychological needs, likely to result in serious impairment of their health or development. It may involve a failure to provide adequate food, clothing, or shelter, failing to keep them safe from harm or danger, or failure to ensure access to appropriate medical care or treatment. It may also involve neglect of, or inadequate response to their basic emotional needs.

Sexual Abuse

Sexual abuse involves children and vulnerable adults being forced or enticed into participating in or watching sexual activity, not necessarily involving an elevated level of violence. It is not necessary for them to be aware that the activity is sexual, and their apparent consent is irrelevant. The acts may involve physical contact including penetrative or non-penetrative acts. They may involve non-contact activities such as involving them in looking at, or in the production of, pornographic material or watching sexual activities, or encouraging them to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet).

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact, it can also occur using technology.

Forced Marriage

Forced marriage is an abuse of human rights, an abuse of the rights of the child and is a form of domestic abuse. There is a clear distinction between a forced marriage and an arranged marriage. In arranged marriages, the families of both spouses take a leading role in arranging the marriage but the choice whether to accept the arrangement remains with the prospective spouses.

In forced marriages, one or both spouses do not or, in the case of some adults with support needs, cannot consent to the marriage and duress is involved. The Forced Marriage (Civil Protection) Act was enacted in 2007 and came into force on 25 November 2008. The Act forms part of the Family Law Act 1996 and makes provision for protecting children, young people, and adults from being forced into marriage without their free and full consent. Victims may only have one chance to speak out (the one

chance rule) and thus professionals need to raise the matter immediately with a safeguarding officer if they come across a forced marriage case.²

Female Genital Mutilation

Female genital mutilation (FGM) will usually be performed during childhood but there have been reports of young girls or young women undergoing FGM just before a forced marriage. FGM is illegal in the UK and it is also a criminal offence to take someone overseas for the purposes of FGM.

Emotional Abuse

Emotional abuse occurs where there is persistent emotional ill treatment or rejection, such as to cause severe and adverse effects on behaviour and emotional development, resulting in low self-worth. It may involve conveying to them that they are worthless or unloved, or valued only as far as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on the child, young person, or vulnerable adult. It may involve causing them frequently to feel frightened or in danger, or their exploitation or corruption. Some level of emotional abuse is present in all forms of abuse.

Additionally, the governing body notes and draws to the attention of the college staff the criminal offences that may be committed in connection with the safeguarding of children and adults at risk, those involving abuse of trust which prohibits staff from engaging in or encouraging sexual activity with students who are under the age of 18 or vulnerable.

8.2 The Corporation also recognises that safeguarding action may also be needed to protect students from the following:

- Racist, disability and homophobic or transphobic abuse.
- Gender-based violence/violence against women and girls.
- The impact of modern technologies on sexual behaviour, for example 'sexting' and accessing pornography.
- Teenage relationship abuse.
- Substance misuse.
- Gang activity and youth violence.

Pastoral Support Mentors/House Monitors serve as trusted adults to support and provide a safe space for them to speak out and share their concerns.

8.3 Safeguarding concerns may also arise in the following circumstances:

Bullying

Bullying is persistent behaviour directed against an individual, which is intimidating, offensive or malicious and undermines the confidence and self-esteem of the recipient which may cause him or her to suffer stress. Bullying can take place by direct personal contact, or through digital communication such as mobile phones, social networking sites, email, or gaming consoles.

Legitimate, constructive, and fair criticism of someone's performance or behaviour in an educational environment is not regarded as bullying.

Self-Harm

Self-harm is defined as self-poisoning or injury, irrespective of the apparent purpose of the act. Self-harm is an expression of personal distress, not an illness, and there are many varied reasons for a person to harm him or herself³. Most cases of self-harm do not result in suicide; however, self-harm is known to be a risk factor in suicidal behaviour.

Suicide

² The Right to Choose Multi-Agency Statutory Guidance for Dealing with forced Marriage.

³ National Institute for Health and Clinical Excellence – Self Harm Pathway 2004

Suicide is the intentional and deliberate act of taking one's own life; youth suicide is a major global public health issue. While suicide rates are higher among 20–24-year-olds, suicidal behaviour that may precede suicide is established in the earlier years. Suicide consistently ranks as one of the leading causes of death for adolescents between 15 and 19 years of age⁴. Research suggests that certain situations put children and young people at more risk of suicide, including suffering loss or bereavement, relationship issues, experiencing bullying and/or racism, living in isolated areas and living in unhappy circumstances⁵.

Eating Disorders

Eating Disorders include anorexia nervosa, bulimia nervosa, or other related (or 'atypical') eating disorders (mainly binge eating disorder). In general, eating disorders develop over time, sometimes over years, and often at a point when life brings fear and insecurity⁶.

Radicalisation/ Extremism and Terrorism (Prevent):

Students may be coerced into becoming involved with terrorist groups and gangs and be at risk of radicalisation including the vocal or active opposition to fundamental British values such as democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs.

The Group recognises that safeguarding is not just about protecting children, learners' and vulnerable adults from deliberate harm, neglect, and failure to act. It relates to broader aspects of care and education, including:

- Children's and learners' health and safety and well-being, including their mental health.
- Meeting the needs of children who have special educational needs and/or disabilities.
- The use of reasonable force.
- Meeting the needs of children and learners with medical conditions.
- Providing first aid.
- Educational visits.
- Intimate care and emotional well-being.
- Online safety and associated issues.
- Appropriate arrangements to ensure children's and learners' security, considering the local context.

In a local context, *the Stockport Prevent agenda* focusses on the threat from Right Wing Nationalist Groups rather than Islamic Extremist Groups.

There is no single factor to identify who is likely to be vulnerable to being drawn into terrorism.

Factors that indicate someone may be vulnerable include:

- Peer pressure
- Influenced from other people or via the internet
- Family tensions
- Recently moved to a new area
- Isolation (feeling of not belonging)
- Lack of self- esteem or identity
- Personal or political grievances
- Significant changes in appearance
- Bullying
- Victim of crime and/or involvement in crime
- Anti-social behaviour
- Race / hate crime

CONTEST is the Government's Counter Terrorism Strategy and **Prevent** is one of four elements of CONTEST.

Prevent aims to:

⁴ National Institute for Health and Clinical Excellence – Youth Suicide Prevention 2007

⁵ NSPCC 2008

- Stop people becoming terrorists or supporting terrorism.
- Provides practical help to identify vulnerable people who may be at risk of being radicalised.
- Applies to / covers all forms of terrorism.
- Channel is an early intervention multi-agency process designed to safeguard vulnerable people from being drawn into violent extremist or terrorist behaviour

The Group will:

- Liaise with the Channel Co-ordinator for expert advice and guidance regarding issues of violence extremism to share with Safeguarding Teams, senior managers, and front-line professionals.
- Seek assistance from the Channel Co-ordinator to assess the nature and extent of vulnerability, need and risk around violent extremism.

9. Prevent Protocol

The Group is committed to supporting the Government's Prevent Strategy and to that end has engaged in employee training about the Prevent Strategy as a whole and the Channel process.

The Group's Safeguarding Teams and student tutors have an awareness of the Government Strategy and can make a referral via Channel, as appropriate.

- Any extremism or radicalisation concern will be considered as a safeguarding issue and treated accordingly.
- If we (The Trafford College Group) believe that someone is vulnerable to being exploited or radicalised, we will use the established Safeguarding Procedures to escalate our concerns to the appropriate Designated Safeguarding Officers, who will raise concern via the Channel Co-ordinator.
- The Channel Co-ordinator and Local Authority will initially screen referrals for suitability through a preliminary assessment.
- If suitable, the case will then be discussed at a Channel Panel of relevant partners to decide if support is necessary.
- The Group will engage with multi-agency panels to develop the most appropriate support package to safeguard the individual at risk.

10. Modern Slavery Statement

The Trafford College Group is committed to meeting obligations under section 54 of The Modern Slavery Act 2015 and to ensuring all its operations, collaborations and business relationships are carried out with integrity and ethically.

TCG will implement systems and controls to ensure any form of exploitation of an individuals' liberty and freedoms by another person for commercial gain is not taking place within any business operations. The Anti-Slavery and Human Trafficking Statement is published on the website.

11. Child on child Abuse

This includes all types of bullying (including cyber bullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, hair pulling or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals; CSE; gang activity and youth violence. All staff should challenge inappropriate behaviour between students and recognise that downplaying certain behaviours can lead to an unsafe culture that normalises abuse.

Teenage relationship abuse is defined as a pattern of actual or threatened acts of physical, sexual and/ or emotional abuse, perpetrated by an adolescent (between the ages of 13 and 18) against a current or former partner. Abuse may include insults, coercion, social sabotage, sexual harassment, threats and / or acts of physical or sexual abuse.

Sexual violence and sexual harassment can occur between two children of any sex. They can occur

through a group of children sexually assaulting or sexually harassing a single child or a group of children.

12. Child Criminal Exploitation (CCE)

Children who are trafficked, exploited, or coerced into committing crimes are victims in need of safeguarding and support. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals, (particularly older children), and they are not treated as victims despite the harm they have experienced.

Further information about CCE including definitions and indicators is included in Annex B

13. Serious Violence

All employees should be aware of the indicators, which may signal that students are at risk from, or are involved with serious violent crime. These may include increased absence from College, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a meaningful change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that students have been approached by, or are involved with, individuals associated with criminal networks or gangs.

14. Further Information

Further details on specific forms of abuse and safeguarding issues are outlined in Annex A of Keeping Children Safe in Education Part 1 (September 2022).

This detail includes:

- Children and the court system
- Children missing from education
- Children with family members in prison
- Child sexual exploitation
- Child criminal exploitation: county lines
- Domestic abuse
- Homelessness
- So-called 'honour-based' violence
- Preventing radicalisation
- Child on Child (Peer on peer) abuse
- Sexual violence and sexual harassment between children in schools and colleges (incl. 'up skirting').

15. Procedures for Dealing with a Disclosure of Abuse

Staff are reminded that children are not always ready or able to talk about their experiences of abuse, exploitation, or neglect and/or may not always recognise that they are being abused. Barriers that can prevent a child from making a disclosure including feelings of embarrassment or humiliation, being threatened, vulnerability, disabilities, sexual orientation, and language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. Staff should also determine how best to build trusted relationships with children and young people which facilitate communication.

The welfare of the individual is paramount. Do remember that they have chosen you, the place, and the time at which to tell you. The following principles must therefore be followed:

- If a student tells you that abuse is taking place, acknowledged this, take it seriously and listen to the student. It is important not to ask too many or leading questions, but if you do, ask open questions.
- Write down the details in the student's own words including dates.
- Try to reassure the student.
- Explain to the student that you may have a legal obligation to pass this information on, to protect both them and other members of the family and public.
- Get help and pass on the details and your record to the relevant Safeguarding Officer who will

treat the information with the utmost confidence – the “need to know” principle will be employed. It is their responsibility to decide what further action should take place.

- Keep the student informed of what you have done and what will happen next.
- Get help for yourself if you feel upset by any disclosure.

Remember that in any group or class there may be a victim of abuse, so sensitivity always is important.

Do Not:

- Make promises you cannot keep.
- Promise confidentiality.
- Take the matter further yourself (ensure that you know your boundaries).
- Contact the student’s parents.
- Contact any other agencies.

In terms of C/VA with SEN and disabilities, do not assume that changes to behaviour, demeanour or signs of distress are due to their SEN or disability. These could be signs of abuse and you should consider these changes as cause for concern.

The designated safeguarding officer will establish the main area of concern and contact as appropriate:

- Relevant local authority multi agency team
- The students current case/support worker.
- The Student’s GP.
- The Accident and Emergency dept. of the nearest local hospital and the police as appropriate.
- Channel.

The safeguarding officer will note all actions undertaken, including any information shared and the record should be forwarded to the Personal Assistant to the Assistant Principal Student Experience and Support.

This procedure must not delay the protection of the student. The designated safeguarding officer, if there is a serious disclosure, should notify First Response on 0161 912 5125 (Trafford) / MASHH on 0161 217 6028 (Stockport). If the student does not live in Trafford or Stockport, the safeguarding officer notify the relevant Child Protection Team/Vulnerable Adult Protection Team:

Manchester	Salford	Warrington
0161 2345001	0161 794 4711	01925443322

Or NSPCC helpline 0808 800 5000

Trafford Adult Protection Line (normal working hours) 0161 912 5135.

Stockport Adult Protection Line (normal working hours) 0161 2176029.

In cases of suspected/alleged bullying by a peer the Group’s Bullying Procedure must be followed. In cases of suspected/alleged child on child (peer on peer) abuse the above arrangements will apply.

16. Out of Hours Procedures

A Designated Safeguarding Officer will be accessible during the Group’s opening times. Outside of these hours, contact Emergency Duty Team Control Room. Ask for Duty Social Worker (works from home and will take time to contact you back). Trafford 0161 912 2020. Stockport 0161 718 2118.

Manchester - the standard Manchester number of 0161 234 5001 is a 24-hour helpline. Staff will deal with all enquires.

Salford outside the normal working hours of 8:30am – 4:30pm, contact Emergency Duty and Investigation team on 0161 7948888.

Warrington outside the normal working hours of 8:30am – 4:30pm, contact Emergency Duty and Investigation team on 01925 444400.

17. Retention of Records - Relating to Allegations of Abuse

All records relating to allegations and safeguarding issues will be retained for a period of at least 10 years on the safeguarding platform CPOMs. This information can only be accessed by the relevant Safeguarding Officers. For allegations relating to abuse against an employee, a reference note to this must also be kept on the personnel file held by the Human Resources Department for an equivalent period.

18. Reporting and Dealing with Allegations of Abuse Against TCG staff, agency workers, volunteers, and contractors

The procedures apply to all employees, whether teaching, administrative, management or support, as well as to volunteers. The word “staff” is used for ease of description.

The Group recognises that an allegation of abuse made against an employee may be made for a variety of reasons and that the facts of the allegation may or may not be true. It is imperative that those dealing with an allegation maintain an open mind and those investigations are thorough and not subject to delay.

Although it is rare for employees in educational institutions to be found responsible for the abuse of a student, due to their continued contact with students, staff may have allegations of abuse made against them.

The Group is committed to ensuring the welfare of the child is the paramount concern. It is also recognised that hasty or ill-informed decisions in connection with a member of staff can irreparably damage an individual's reputation, confidence, and career.

When dealing with such allegations, the Group will do so with sensitivity, will act in a careful and measured way, and will act in accordance with “Keeping Children Safe in Education (September 2022) Part Four: Allegations of Abuse Made Against Teachers and Other Staff”.

19. Receiving an Allegation Against a TCG staff, agency workers, volunteers, and contractors

An employee who receives an allegation about another employee should follow the guidelines in Appendix B for dealing with an allegation.

The allegation should be reported immediately to the Principal unless the Principal is the person against whom the allegation is made, in which case the report should be made to the Designated Senior Staff Member for Safeguarding or the Designated Governor. The Principal (or designated person if the allegation is against the Principal) should:

- Obtain written details of the allegation from the person who received it, that are signed and dated. (The written details should be countersigned and dated by the Principal or designated person).
- Record information about times, dates, locations, and names of potential witnesses.

Parents / Carers must be made aware of their duty of confidentiality about allegations against employees whilst investigations are ongoing, in particular the role of social media in potentially breaching this legal requirement.

20. Initial Assessment by the Principal (or Designated Person)

The Principal (or designated person) should make an initial assessment of the allegation, consulting with the Senior Designated Staff Member with responsibility for safeguarding and the Designated Governor.

Where the allegation is considered to be either a potential criminal act or indicates that the child has suffered, is suffering or is likely to suffer significant harm, the matter should be reported immediately to the Local Authority Designated Officer (LADO).

Allegations of harm or inappropriate behaviour made against employees, either paid or unpaid are serious and the LADO must be advised; the LADO is a professional independent person who has been appointed by the Local Safeguarding Board.

The LADO's role includes:

- The management and oversight of individual cases.
- Providing advice and guidance to employers and voluntary organisations.
- Liaising with the police and other agencies.
- Monitoring the progress of cases to ensure that they are dealt with as quickly as possible, consistent with a thorough and fair process.

The LADO can access other records.

It is important that the Principal (or designated person) does not investigate the allegation. The initial assessment should be based on the information received and is a decision whether the allegation warrants further investigation. Where the allegation is made against an agency worker the agency will be informed. Where the allegation is made against a third party or self-employed contractor the Group will take appropriate action.

Potential outcomes are:

- The allegation can be shown to be false because the facts alleged could not be true and no further action is taken.
- The allegation represents inappropriate behaviour or poor practice by the member of staff and is neither potentially a crime nor a cause of significant harm to the C/VA. The matter would be considered in accordance with the Group's Disciplinary Procedures.
- The allegation represents abuse which is gross misconduct by the employee. The matter would be considered in accordance with the Group's Disciplinary Procedures and could lead to a disciplinary investigation and can lead to dismissal.

For further details of all actions relating to Reporting and Dealing with Allegations of Abuse against Members of Staff consult Appendix B.

21. Use of Subcontractors

In the case of any subcontracted provision, The Trafford College Group policies and procedures must be adhered to in the event of any safeguarding issues/occurrences. The Group will confirm through service level agreements and/or contracts that appropriate arrangements are in place to safeguard students. The senior officer staff member with lead responsibility for safeguarding at the Group should be contacted as soon as possible following an incident and the Group's records will be updated.

22. Informing the Disclosure and Barring Service

Where the Group has dismissed or removed an employee / worker from working in regulated activity, following harm to a child or an adult at risk or where the Group has concerns that a person has caused harm, or poses a future risk of harm to adults at risk or children, a referral will be made to the Disclosure and Barring Service.

23. GDPR/ Data Protection

To enable The Trafford College Group to comply with its statutory obligations under GDPR it is necessary for us to collect, store and process sensitive personal data. The Group is committed to full compliance with the applicable data protection legislation. This Policy should be read in conjunction with the Group's Data Protection Policy and Information Security Policy. These policies provide more detailed guidance on the correct handling of personal data including sensitive personal data. In the collection, storage, and processing of personal data for equality and diversity monitoring purposes we will comply with the following principles:

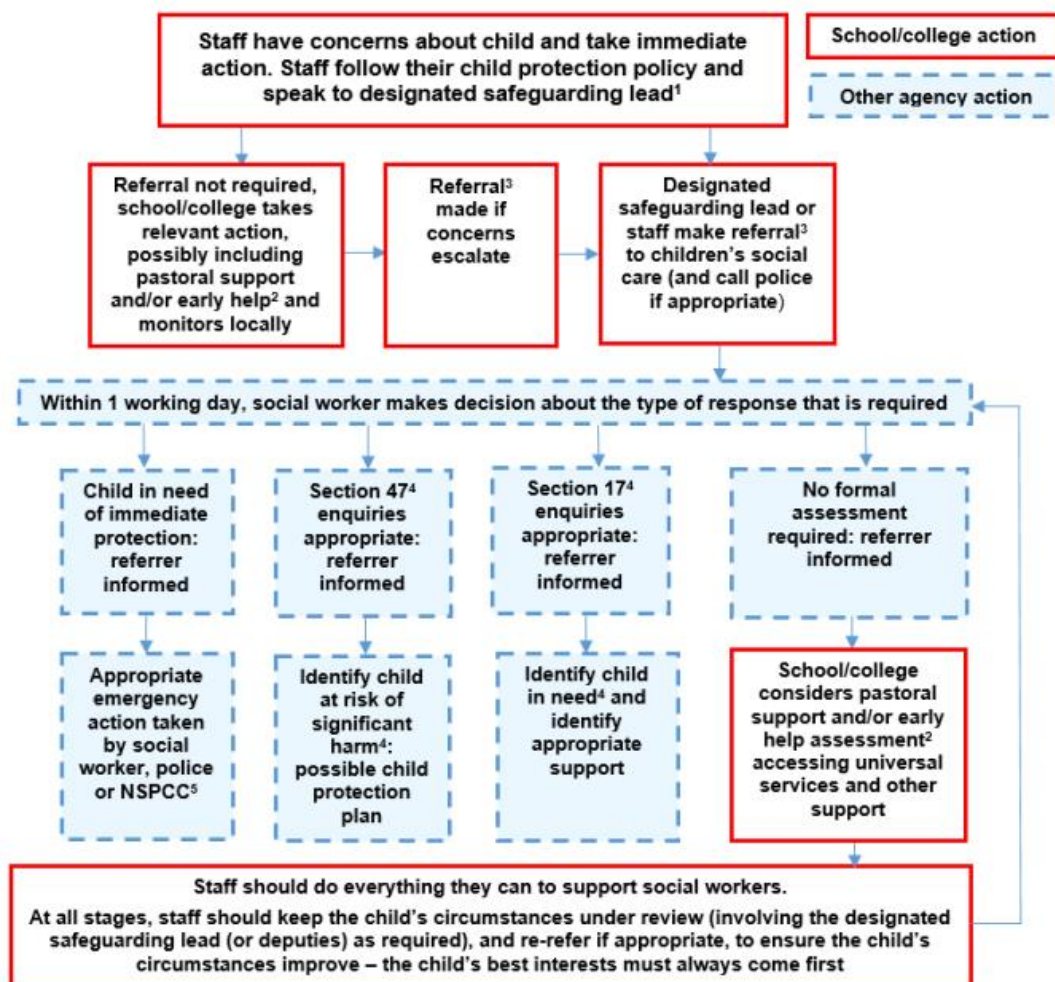

- We will process personal data lawfully, fairly and in a transparent manner.
- We will collect personal data for specified, explicit and legitimate purposes only, and will not

- process it in a way that is incompatible with those legitimate purposes.
- We will keep accurate and up to date personal data and take reasonable steps to delete or correct inaccurate personal data without delay
 - We will keep personal data in a form which permits identification of data subjects for no longer than is necessary.

We will take appropriate technical and organisational measures to ensure the security of personal data and protect against unauthorised or unlawful processing and against accidental loss, destruction, or damage.

Appendix A: Dealing with a Disclosure of Abuse in Respect of a Child or Vulnerable Adult

Actions where there are concerns about a child

Appendix B: Guidelines for Reporting and Dealing with Allegations of Abuse Against Members of Staff

The procedures apply to all staff, whether teaching, administrative, management or support, as well as to volunteers. The word “staff” is used for ease of description. Where the allegation is made against an agency worker the agency will be informed. Where the allegation is made against a third party or self-employed contractor the Group will take appropriate action. The actions taken will be in accordance with “Keeping Children Safe in Education (September 2021), Part Four: Allegations of Abuse Made Against Teachers and Other Staff”.

1. Introduction

The Group recognises that an allegation of abuse made against a member of staff may be made for a variety of reasons and that the facts of the allegation may or may not be true. It is imperative that those dealing with an allegation maintain an open mind and those investigations are thorough and not subject to delay.

Staff in educational institutions found responsible for the abuse of a student are rare and because of their frequent contact with this cohort, staff may have allegations of abuse made against them.

The Group recognises that in ‘Keeping Children Safe in Education’ and in ‘No Secrets’ the welfare of students is the paramount concern. It is also recognised that hasty or ill-informed decisions in connection with a member of staff can irreparably damage an individual’s reputation, confidence, and career. Therefore, those dealing with such allegations within the Group will do so with sensitivity and will act in a careful, measured way.

2. Receiving an Allegation against a Member of Staff

A member of staff who receives an allegation about another member of staff should follow the guidelines in Section 11 and 12 for dealing with an allegation.

The allegation should be reported immediately to the Principal, unless the Principal is the person against whom the allegation is made, in which case the report should be made to the Designated Senior Lead Officer for Safeguarding or the Designated Governor. The Principal (or designated person if the allegation is against the Principal) should:

Obtain written details of the allegation from the person who received it, that are signed and dated. (The written details should be countersigned and dated by the Principal or designated person).
Record information about times, dates, locations, and names of potential witnesses.

3. Initial Assessment by the Principal (or designated person)

The Principal (or designated person) should make an initial assessment of the allegation, consulting with the Senior Designated Staff Member with the responsibility for safeguarding and the Designated Governor.

Allegations of harm or inappropriate behaviour made against staff, either paid or unpaid, are serious and the Local Authority Designated Officer (LADO) must be advised; the LADO is a professional independent person of the College who has been appointed by the Safeguarding Partners.

The LADO must be alerted immediately of all cases where it is alleged that a person who works with children has behaved in a way that may (including where the Group believes the allegation is unfounded or malicious):

- Have harmed or may harm a child.
- Possibly have committed an offence against children.
- Behaved towards a child or children in a way that indicates they may pose a risk or harm to children.

The LADO's role includes:

- The management and oversight of individual cases.
- Providing advice and guidance to employers and voluntary organisations.
- Liaising with the police and other agencies.
- Monitoring the progress of cases to ensure that they are dealt with as quickly as possible, consistent with a thorough and fair process.

The LADO can access other records.

It is important that the Principal (or designated person) does not investigate the allegation. The initial assessment should be based on the information received and is a decision whether the allegation warrants further investigation. Where the allegation is made against an agency worker the agency will be informed. Where the allegation is made against a third party or self-employed contractor the Group will take appropriate action.

Potential outcomes are:

- The allegation can be shown to be false because the facts alleged could not be true and no further action is taken.
- The allegation represents inappropriate behaviour or poor practice by the member of staff and is neither potentially a crime nor a cause of significant harm to the student. The matter would be considered in accordance with the Group's Disciplinary Procedures.
- The allegation represents abuse which is gross misconduct by the employee. The matter would be considered in accordance with the Group's Disciplinary Procedures and could lead to a disciplinary investigation and potentially dismissal.

4. Enquiries and Investigations

Child protection and safeguarding enquiries made by Children's or Adults' Social Care are not to be confused with internal, disciplinary enquiries by the Group. The Group may be able to use the outcome of external agency enquiries as part of its own procedures. The child protection agencies, including the police, have no power to direct the College to act in a particular way; however, the Group would assist the agencies with their enquiries.

The Group shall hold in abeyance its own internal enquiries while the formal police or Children's or Adults' Social Care proceed; to do otherwise may prejudice the investigation. Any internal enquiries shall conform to the existing staff disciplinary procedures.

If there is an investigation by an external agency, for example the police, the Principal (or designated senior lead officer) should normally be involved in, and contribute to, the inter-agency strategy discussions. The Principal (or designated senior lead officer) is responsible for ensuring that the College gives every assistance with the agency's enquiries. He/she will ensure that appropriate confidentiality is maintained in connection with the enquiries, in the interests of the member of staff about whom the allegation is made. The Principal (or designated senior lead officer) shall advise the member of staff that he/she should consult with a representative, for example, a trade union.

The Principal (or designated senior lead officer) will consult with the police, particularly in relation to timing and content of the information to be provided, and shall:

- Inform the child/children or parent/carer making the allegation that the investigation is taking place and what the likely process will involve.
- Ensure that the parents/carers of the child making the allegation have been informed that the allegation has been made and what the likely process will involve.
- Inform the member of staff against whom the allegation was made of the fact that the investigation is taking place and what the likely process will involve.
- Inform the Chair of Governors (and/or the designated governor) of the allegation and the investigation.
- The Principal (or designated person) shall keep a written record of the action taken in connection with the allegation.

Parents / Carers must be made aware of their duty of confidentiality about allegations against staff whilst investigations are ongoing, in particular the role of social media in potentially breaching this legal requirement.

5. Suspension of Staff

Suspension should not be automatic; suspension can only be carried out by the Principal or staff with designated responsibilities as detailed in the Staff Disciplinary Procedure. In respect of the Principal or other members of the Leadership Team, suspension can only be carried out by the Chair of Governors (or in his/her absence, the deputy chair).

Suspension may be considered at any stage of the investigation. It is a neutral, not a disciplinary act and shall be on full pay. Consideration should be given to alternatives: e.g., paid leave of absence; agreement to refrain from attending work; change of, or withdrawal from, specified duties.

Suspension should only occur for a good reason. For example:

- Where students are at risk.
- Where the allegations are potentially sufficiently serious to justify dismissal on the grounds of gross misconduct.
- Where necessary for the good and efficient conduct of the investigation.
- Where the member of staff is in custody or on police bail for an extended criminal investigation.

For further guidance in relation to suspension refer to the Group's Staff Disciplinary Procedure.

In the event of suspension related to child protection/safeguarding:

- The Chair of Governors should be informed of the suspension in writing.
- The Governing Body should receive a report that a member of staff has been suspended pending investigation, the detail given to the governing body should be minimal.
- Where the Principal has been suspended, the Chair or Vice Chair of Governors will need to take action to address the management of the Group.
- The parents/carers of the student making the allegation should be informed of the suspension. They should be asked to treat the information as confidential. Consideration should be given to informing the child making the allegation of the suspension.
- Senior staff who need to know of the reason for the suspension should be informed.
- Depending on the nature of the allegation, the Principal should consider (with the nominated Governor) whether a statement to the students of the Group and/or parents/carers should be made, taking due regard of the need to avoid unwelcome publicity.

The Principal shall consider carefully and review the decisions as to who is informed of the suspension and investigation. The LADO and external investigating authorities should be consulted.

The suspended member of staff should be given appropriate support during the period of suspension. He/she should also be provided with information on progress and developments in the case at regular intervals.

The suspension should remain under review in accordance with the Group's Disciplinary Procedures.

6. The Disciplinary Investigation

The disciplinary investigation should be conducted in accordance with the existing staff disciplinary procedures.

The member of staff should be informed of:

- The disciplinary charge against him/her.
- His/her entitlement to be accompanied or represented by a trade union representative or work colleague.
- Where the member of staff has been suspended and no disciplinary action is to be taken, the suspension should be lifted immediately, and arrangements made for the member of staff to

- return to work. It may be appropriate to offer counselling.
- Students making the allegation and/or their parents/carers should be informed of the outcome of the investigation and proceedings. This should occur prior to the return of the member of staff (if suspended).
- The Principal (or designated person) should consider what information should be made available to the general population of the Group.

7. Allegations without Foundation

Obviously, false allegations may be indicative of problems of abuse elsewhere. A record should be kept, and consideration given to a referral to the local social care department or agency as determined by local arrangements in order that other agencies may act upon the information.

In consultation with the designated senior member of staff (and/or the designated Governor), the Principal shall:

- Inform the member of staff against whom the allegation is made orally and in writing that no further disciplinary or child protection/safeguarding action will be taken. Consideration should be given to offering counselling/support.
- Inform the parents/carers of the alleged victim that the allegation has been made and of the outcome.
- Where the allegation was made by a student other than the alleged victim, consideration to be given to informing the parents/carers of that student.
- Prepare a report outlining the allegation and giving reasons for the conclusion that it had no foundation and confirming that the above action had been taken.

Malicious allegations will be expunged from the personal record of the accused member of staff and in all cases a 'clear and comprehensive' summary of the allegation be included in their file.

8. Employee Resignation

The requirement to report the case to the LADO will still apply if the member of staff resigns and in no circumstances will the Group enter into a settlement agreement with a member of staff facing an allegation of abuse.

9. Records

It is important that documents relating to an investigation are retained in a secure place, together with a written record of the outcome and, if disciplinary action is taken, details retained on the member of staff's personal and confidential file. Where the allegation is found to be without foundation, a record of the allegation, investigation and outcome should be retained.

If a member of staff is dismissed or resigns before the disciplinary process is completed, they should be informed about the Group's statutory duty to inform the Disclosure and Barring Service.

10. Monitoring Effectiveness

Where an allegation has been made against a member of staff, the nominated Governor, together with the senior staff member with lead responsibility should, at the conclusion of the investigation and any disciplinary procedures, consider whether there are any matters arising from it that could lead to the improvement of the College's procedures and/or policies and/or which should be drawn to the attention of the Safeguarding Partners. Consideration should also be given to the training needs of staff.

11. Human Resource Responsibilities

It is a statutory requirement to inform the Disclosure and Barring Service in the following circumstances:

- Where a dismissal occurs for misconduct relating to a child / vulnerable adult.
- Where a resignation occurs prior to disciplinary action is likely to have resulted in dismissal.
- Where compromise agreements have been brokered to avoid disciplinary action.
- Where a person is considered unsuitable to work with children / vulnerable adults, whether an employee, agency worker or volunteer.

- Where a medical condition raises a possibility of risk to the safety or welfare of a child / vulnerable adult

12. Poor or Unsafe Practice

If TCG employees wish to raise concerns regarding poor or unsafe practice and potential failures in the TCG safeguarding regime, they should refer to the Whistleblowing Policy and Procedure.

13. **Training** All staff are to read the updated Safeguarding Policy that reflects the Keeping Children Safe in Education (KCSIE) yearly updates within 2 weeks of the start of the new term. They are to complete an online training programme via iHASCO. Any new staff must have Safeguarding training before they work with students and can access this on the iHASCO platform. They also need to watch the video created internally by the Safeguarding team. A quiz will test their understanding. The Designated Safeguarding team need to update their training every year. All staff must have the internal Prevent training yearly update and new staff need to do this training during their induction.
